May 26, 2004

Ms. Julie Kaminski Corsig
Davis Wright Tremaine LLP
1500 K Street, NW, Suite 450
Washington, DC 20005

Dear Ms. Corsig:

This is to advise you that the Commission has reviewed the Application for authority to provide resold and facilities-based local exchange and interexchange telecommunications services, its initial tariff and additional information filed on February 9, 2004, April 2, 2004 and April 15, 2004 by NextG Networks Atlantic, Inc.

After considering this matter at the May 26, 2004 Administrative Meeting, the Commission authorized the Company to operate as a provider of resold and facilities-based local exchange and interexchange telecommunications services, granted the specific waivers of COMAR Title 20 and accepted the initial tariff for filing consistent with Staff's recommendation. Accordingly, the Company is directed to file "clean" copies of its initial tariff with an effective date of June 1, 2004 and subject to the following modification: deletion of the statement on pages 5, 7, 8, 9, 14, 17, 26 and 27 that "RF Transport Services are not regulated by the Commission and are included in this Tariff for informational purposes only."

Finally, the Company is reminded that it must have an approved interconnection agreement before providing local services in Maryland.

By Direction of the Commission,

A handwritten signature in cursive script that reads "Donald P. Eveleth".
